Budget Review & Approval **Budget review:** Everything looks good. A deposit will be made for the father/daughter event so that there is not a negative balance. The budget for popcorn Fridays is over, but the PTC will cover it since we are doing well with fundraising this year. The fifth grade used their teacher money to purchase 3 Ipad minis and apps for those Ipads. Beanbags were also purchases for the sick room.

Principal Report Mrs. Reagan District wide the crisis team is meeting within the next couple of weeks to review district policies on safety and crisis situations. They will then make changes as needed. During the last staff meeting at Georgetown the staff discussed the security of the school. At Georgetown internal doors are locked during evening hour activities so that no one as access to the classroom area. During the day all exterior doors are locked accept the front door. The "sign-in" area has now been moved into the office. Theresa has developed a Q&A sheet for teachers concerning lockdown sessions, so as students have questions the teachers can be consistent in their answers. The school has practice lockdown sessions during the school year.

All in all the school year is going very well! The talent show is Thursday before Spring break. It has been decided to not hold Coin Wars this year because fundraising so far this year has been exceptional.
