INDOOR SOCCER CLASSES

Soccer Classes at Soccer Buddies go beyond just teaching kids athletic and soccer skills. Our expert coaches use soccer as a tool to teach confidence, perseverance, teamwork – core values that will help your child thrive in any situation.

We have designed our classes to provide age-appropriate fun and learning for age levels ranging from 15 months to 12 years old.

Toddler Class: (15 mo. - 3 yrs)

This parent participation class uses fun games and activities to build confidence, motor skills, balance, coordination and more while your child kicks colorful balls and learns their colors. Socialization is also challenged by learning to share, take turns, and practice teamwork. Your child will also build their stamina and physical fitness in this class as the coach keeps it very high-energy, fast paced, and fun.

Preschool Class: (4 yrs - 6 yrs)

We encourage independent thinking, following directions, and teamwork which will assist the child in preparation for school. We use a variety of props and age appropriate games to introduce the kids to group activities that stress active motor skill development and social interaction. This class is very high-paced and works on developing ball handling skills, coordination, and physical fitness.

School Aged Class: (7 yrs - 12 yrs)

This class is the perfect environment for a child who has never played, yet challenging enough for a child who has played before. More fundamental soccer skills are introduced in this class. Confidence will soar while kids master certain skills. We will also develop speed and conditioning, as well as field awareness, technique, tactics, and more. Kids in this class will scrimmage for 20 minutes of every class. This class maximizes the touches the child will get on the ball by playing small-sided games with highly-skilled coaches guiding play in a positive atmosphere.

LEARN TO ICE SKATE

The skills learned in our lessons are easily applied to either figure skating or hockey, for ages 5 & up. Your child will receive 50 minutes of instruction each week.

Come early to the first session: Be at the Georgetown Ice Center 20 minutes before the session starts. This allows time to fit skates, get class assignments, name tags, etc.

All skaters MUST wear a helmet (hockey or bike). Dress warm, wear gloves. Wear only ONE pair of thin socks (you want the skates to fit).

We follow the USA Hockey curriculum. The focus and goal of our Learn to Skate curriculums are designed to teach beginner hockey players the fundamentals of skating. We will teach how to balance, bend, march forward, stride, how to get back up off the ice, agility, glide and more. Our job is to get your child comfortable on the ice. We will run stations on the ice for the skaters to rotate through during instruction.

When: Session 1

Saturdays. - Sept. 12 - Nov. 7, 2015
