Dear Parents,

Mobymax is an online learning tool that Georgetown utilizes to support math facts, math skills, reading, and much more. Mobymax can be used on a laptop, desktop, tablet/ipad or smartphone.

LOGIN Instructions for LAPTOP or home computer:

Open browser (safari, firefox or google chrome. Type one of the following into the browser address bar:

1. Go to www.mobymax.com/mi1457
2. Go to mobymax.com and **enter mi1457** in for the school code.
3. Go to mobymax.com and select Georgetown Elementary --- scroll to Hudsonville, MI.
4. Go to the blog and click on the MOBYMAX whale.

LOGIN INSTRUCTIONS for tablets/smartphones:

1.   Open safari
2.   Type www.MobyMax.com/signin in the URL address bar.
3.   Select student. Type mi1457 into the school code box.
4.   Click the "Action Icon." This is the box with the arrow icon pointing
5.   up at the bottom of the window.
6.   Click "Add to Home Screen." This is a grey square icon with plus sign.
7.   Enter the name "MobyMax" and click "Add."
8.   A MobyMax icon will now appear on your home screen.

Once you are onto the MOBYMAX site, there are three view options that pop up.

- Star: Incentives, goals that MOBYMAX is offering.
- Books: Learning Area (Number Sense, Fact Fluency, Reading Trio, etc.)
- Arrow: Progress icon (purple), Messages from the teacher, Vibes - good messages from the teacher, etc.

NUMBER SENSE: This helps children to learn the skills for addition and subtraction -- an important goal for first grade success. There are six parts and each child who completes all six parts has improved addition and subtractions skills.

Please have your child spend 5 minutes on NUMBER SENSE three times per week. It will be important for you to sit next to your child and provide coaching and encouragement. All students who pass the NUMBER SENSE section will be promoted to FACT FLUENCY.

You can go to the PROGRESS BAR to check your child's progress at anytime.
See above on how where to find PROGRESS BAR.

FACT FLUENCY: First time on, each child takes a placement test. Addition is the first fact to be tested and mastered, followed by subtraction, followed by multiplication and then division. Each child should spend 5 minutes a day on MATH FACT practice.

- Each fact appears for six seconds.
- If the right answer is entered, a new problem appears.
- If the wrong answer is entered, time is allowed for a correction.
- The five minute fact test is broken into 5 one minute sprints.
- At the end of each sprint, a progress update is provided.
- Overall progress can be checked via the PROGRESS ICON.
