

# QUICKSTART TENNIS

QuickStart Tennis is tennis scaled to fit the size, age and abilities of young players. It is based on 6 key elements: court size, net height, age, ball speed and weight, racquet size and scoring. Some great benefits of playing QuickStart Tennis is that the kids can play matches almost immediately, rally longer, hit more shots, learn to volley correctly, learn strategy right away and most of all have fun. Matches will be played regularly. This is a proven program with great results. You may go to [www.quickstarttennis.com](http://www.quickstarttennis.com) for more information about the format.

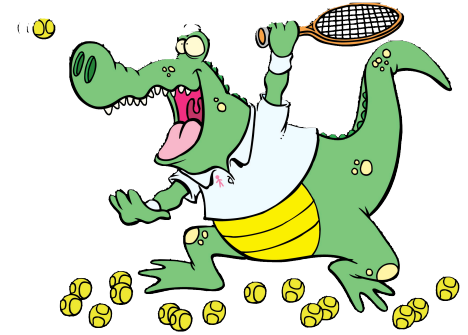

**This program is being offered through Hudsonville Community Education and the Holland Area Community Tennis Association.**
